Google Cloud Platform (GCP)
Architect Certification BootCamp – Level 3

Duration: 2 Days

DESCRIPTION

This course is a two-day hands-on course on Google Cloud Platform (GCP), where we will deep-dive into the advanced architecture and design patterns used on the GCP infrastructure by performing labs. Another aim of the course is to empower for taking the Google Architect Exam and clear it. We will have sample tests at the end of the course to help you gain experience and practice.

OBJECTIVES

• To attain a deep knowledge of GCP infrastructure and design patterns on developing applications on GCP

• To attain skills to clear the GCP Architect Certification Exam. More information about the certification is available here

COURSE OUTLINE

➥ Review of all GCP Basic Services

➥ Cloud Virtual Network

➥ Cloud Identity and Access Management (IAM)

➥ Cloud CDN

➥ Cloud DNS

➥ Google Cloud Deployment Manager

➥ Google Container Engine

➥ GCP Frequently Used Design Patterns

➥ Google Container Engine

➥ GCP Frequently Used Design Patterns

WHO SHOULD ATTEND

- IT Professionals who want to learn to develop highly scalable, available, cost-efficient and failure tolerant system on GCP

- IT Professionals who want to clear the GCP Architect Certification Exam

PREREQUISITES

This is NOT a beginners GCP class. Prior experience with GCP is necessary.

- GCP – Level 2 Course offered by CloudThat Technologies OR
- Hands-on experience in Cloud Storage, Compute Engine, Cloud SQL and Instance Group

TESTIMONIALS

CloudThat has impressed me with their AWS training expertise and this time I had a similar experience with OpenStack. I appreciate their service for their expertise in the subject and the professional approach they show in offering their service.
- Safeer (Tech Lead, Yahoo)

It is very professional and hands-on training. The trainer is extremely responsive and knowledgeable on the topics covered. I would recommend CloudThat to anyone who is looking for quality, hands-on training on these latest technologies.
- Srinivasa (Associate Professor, PES University)

CloudThat - The best place to learn Cloud Computing technologies. Trainers at CloudThat have indepth knowledge about the subject. The way they explain is too good. They give personal attention to all candidates and keep the sessions interactive.
- Gladwin (Cloud Admin, Cognizant)
