

Microsoft Azure Exam BootCamp for AZ-100 (Infrastructure and Deployment)

Duration: 4 Days

DESCRIPTION

This BootCamp course is for the new role based AZ-100 exam targeted for Azure Administrators. Taking this course and passing AZ-100 exam meets a part of the requirement for Microsoft Certified Azure Administrator Associate Certification.

This course is for Azure Administrator roles focused on deploying, managing and monitoring Azure Infrastructure resources across compute, storage and networking; managing and monitoring Subscriptions & Resources. This course also covers managing identity using Azure Active Directory.

This course will provide a deep understanding of each service across its full IT lifecycle allowing Azure Administrators to take requests for infrastructure services, applications, and environments. After completing the course, Azure Administrators will also be able to make recommendations on services to use for optimal performance and scale, as well as provision, size, monitor, and adjust resources as appropriate.

OBJECTIVES

After successful completion of this BootCamp candidates will be able to:

- Manage Azure Subscriptions & Resources
- Implement, manage and secure storage
- Deploy, manage, monitor virtual machines
- Configure and manage virtual networks
- Manage and integrate identities with Azure Active Directory

TESTIMONIALS

“ The trainer was very thorough and explained the intricacies involved very clearly. In fact, I was quite new to Cloud. Lot of topics have been covered during the training. The labs were quite interesting and well written.

Srividhya Subramony
(Director, Iposa Consulting Pvt. Ltd.)

“ CloudThat trainers were very competent in explaining the concepts on Azure Cloud and relating them with practical use cases which we have in our projects.

- Ankush (Technical Lead, Wipro)

“ CloudThat - The best place to learn Cloud Computing technologies. Trainers at CloudThat have indepth knowledge about the subject. The way they explain is too good. They give personal attention to all candidates and keep the sessions interactive. ”

- Gladwin (Cloud Admin, Cognizant)
