- ↪ Hybrid Cloud with VPC
- ↪ DirectConnect
- ↪ Advanced VPC Options
- ↪ Simple WorkFlow Service

DAY 2

- ↪ Security on AWS
- ↪ Advance ELB
- ↪ RedShift
- ↪ Data Pipeline
- ↪ SNS

DAY 3

- ↪ Advance DynamoDB
- ↪ Elastic Beanstalk
- ↪ OpsWorks
- ↪ CloudTrail
- ↪ Kinesis

DAY 4

- ↪ Storage Gateway
- ↪ ElastiCache
- ↪ EMR
- ↪ Architecture Discussion & Best
- ↪ Practices

DESCRIPTION

This bootcamp course from CloudThat is an advanced course on Amazon Web Services (AWS) Solutions Architect – Professional certification exam covering various service level features, advanced architecture principles and design patterns with hands-on, lab exercises to build a better understanding. This course assumes that the candidate is already familiar with AWS and has practical experience to work with different AWS services.

Taking up this course will help you to prepare for the AWS Certified Solutions Architect Professional Level exam – SAP-C01 and clear it. We will have sample tests at the end of the course to help you gain experience and practice.

OBJECTIVES

- To achieve in-depth knowledge of advanced capabilities of AWS and architect large scale infrastructure for enterprises
- To attain skills to clear the AWS Solutions Architect Certification Exam at professional – SAP-C01.

WHO SHOULD ATTEND

- IT Professionals who want to learn to develop highly scalable, available, cost-efficient and failure tolerant systems on AWS.
- IT Professionals who want to clear the AWS Certification exam – SAP-C01.
- People who are already AWS Certified Solutions Architect at Associate Level & want to pursue higher certifications.

PREREQUISITES

This is NOT a beginners AWS class. Prior experience with AWS is necessary.

- Should have hands-on experience in S3, EC2, ELB, RDS, Auto-Scaling, VPC, IAM, DynamoDB, ElastiCache, EMR, RedShift, Data-Pipeline, Elastic BeanStalk (This knowledge can be acquired by attending AWS Level-2 and AWS Level-3 courses offered by CloudThat).
- AWS Solutions Architect Associate Level Certification is mandatory to attend this training.

TESTIMONIALS

“ Best training center to learn AWS Cloud Computing Services in India. Training was excellent and trainer has good knowledge about the real world market and used these cases to explain the course content. ”

- **Santosh (NOC Lead, CA Technologies)**

“ Good faculty, great atmosphere, great examples, made my life easier. Wish to advice friends & colleagues to join CloudThat. Great going, keep up the good work. Wish you a great success. ”

- **Veerendra (Assistant Manager, Accenture)**

“ Excellent training, there were lot of things to learn even for experienced AWS user. Trainer has very good knowledge and was able to explain real scenarios which were very good. ”

- **Srinivasa Rao (Technical Manager, Samsung Research India Bangalore)**
