

# Microsoft Azure Certification BootCamp for AZ-203 (Developing Solutions for Microsoft Azure)

Duration: 5 Days

## DESCRIPTION

This BootCamp course is for the new role based AZ-203 exam targeted for Azure Developers. Taking this course and passing the AZ-203 exam meets all the requirements for Microsoft Certified: Azure Developer Associate Certification.

This course is for experienced programmers who design, build and host Cloud solutions in Azure. Participants should have some experience with Azure and must be able to program in at least one Azure-supported language such as C#, Node.js etc. The course covers topics such as performance, instrumentation, logging, integrating & managing APIs and messaging architectures.

## OBJECTIVES

After successful completion of this BootCamp candidates will be able to:

- Develop Azure Infrastructure as a Service Compute Solutions
- Develop Azure Platform as a Service Compute Solutions
- Develop for Azure storage
- Implement Azure security
- Monitor, troubleshoot and optimize Azure solutions
- Connect to and Consume Azure Services and Third-party Services

## COURSE OUTLINE

- Module 1: Creating Azure App Service Web Apps
- Module 2: Implement Azure Functions
- Module 3: Develop Solutions that use Blob Storage
- Module 4: Develop Solutions that use Cosmos DB Storage
- Module 5: Implement IaaS Solutions
- Module 6: Implement user Authentication and Authorization
- Module 7: Implement Secure Cloud Solutions
- Module 8: Implement API Management
- Module 9: Develop App Service Logic Apps
- Module 10: Develop Event-based Solutions
- Module 11: Develop Message-based Solutions
- Module 12: Monitor and Optimize Azure Solutions
- Module 13: Integrate Caching and Content Delivery within Solutions

# WHO SHOULD ATTEND

- Developers
- Azure Developers who wish to get certified

## PREREQUISITES

- The course will involving working on C#, Node.js, Azure CLI, Azure PowerShell, and JavaScript. Hence some experience in these is highly recommended.
- Familiarity with Azure services and terms

## TESTIMONIALS

---

“ Best training center to learn AWS Cloud Computing Services in India. Training was excellent and trainer has good knowledge about the real world market and used these cases to explain the course content. ”

- **Santosh (NOC Lead, CA Technologies)**

“ Good faculty, great atmosphere, great examples, made my life easier. Wish to advice friends & colleagues to join CloudThat. Great going, keep up the good work. Wish you a great success. ”

- **Veerendra (Assistant Manager, Accenture)**

“ Excellent training, there were lot of things to learn even for experienced AWS user. Trainer has very good knowledge and was able to explain real scenarios which were very good. ”

- **Srinivasa Rao (Technical Manager, Samsung Research India Bangalore)**
