

Microsoft Azure Certification BootCamp for AI-100 (Designing and Implementing an Azure AI Solution)

Duration: 3 Days

DESCRIPTION

This is a new course announced by Microsoft. During this course, candidates can analyze requirements for Cloud-based AI solutions and hybrid AI solutions, recommends appropriate tools and technologies and implements solutions that meet scalability and performance requirements.

Candidates after taking this training will gain knowledge on various components that make up the Microsoft Azure AI portfolio, related open-source frameworks and technologies and available data storage options.

This course is also for Azure AI Engineers who use Cognitive Services, Machine Learning and Knowledge Mining to architect and implement Microsoft AI solutions involving natural language processing, speech, computer vision, bots and agents to build AI solutions.

OBJECTIVES

- To build AI solutions on Azure
- To learn about various Azure Machine Learning services. It's usage & integration
- To understand the profound impacts of how Machine Learning is making in smart business decisions
- To deploy AI solutions in Azure

COURSE OUTLINE

- **Module 1: Introducing Azure Cognitive Services**
- **Module 2: Creating Bots**
- **Module 3: Enhancing Bots with QnA Maker**
- **Module 4: Learn How to Create Language Understanding Functionality with LUIS**
- **Module 5: Enhancing Your Bots with LUIS**
- **Module 6: Integrate Cognitive Services with Bots and Agents**

WHO SHOULD ATTEND

- Professionals working in various industries who want to formally get the fundamental understanding of Azure Machine Learning
- Enthusiasts who want to keep pace with the changing technologies

PREREQUISITES

- Basic knowledge of Cloud platform: Microsoft Azure
- Basic understanding of Machine Learning
- Basics of statistics, data ethics and data privacy
- Some IT industry work experience or those pursuing a degree in the IT field
- Basic understanding of Azure Storage Technologies
- Should have C# Knowledge
- Strong learning acumen

TESTIMONIALS

“ Best training center to learn AWS Cloud Computing Services in India. Training was excellent and trainer has good knowledge about the real world market and used these cases to explain the course content. ”

- **Santosh (NOC Lead, CA Technologies)**

“ Good faculty, great atmosphere, great examples, made my life easier. Wish to advice friends & colleagues to join CloudThat. Great going, keep up the good work. Wish you a great success. ”

- **Veerendra (Assistant Manager, Accenture)**

“ Excellent training, there were lot of things to learn even for experienced AWS user. Trainer has very good knowledge and was able to explain real scenarios which were very good. ”

- **Srinivasa Rao (Technical Manager, Samsung Research India Bangalore)**
